Introduction

This user manual is prepared to address the usage of ECA's Talent management portal (TMP). The portal enables users to search and find professionals in different sectors and areas. The TMP can be accessed at the URL <https://knowledge.uneca.org/experts/>. The home page of the portal looks like the screen shot in Figure 1

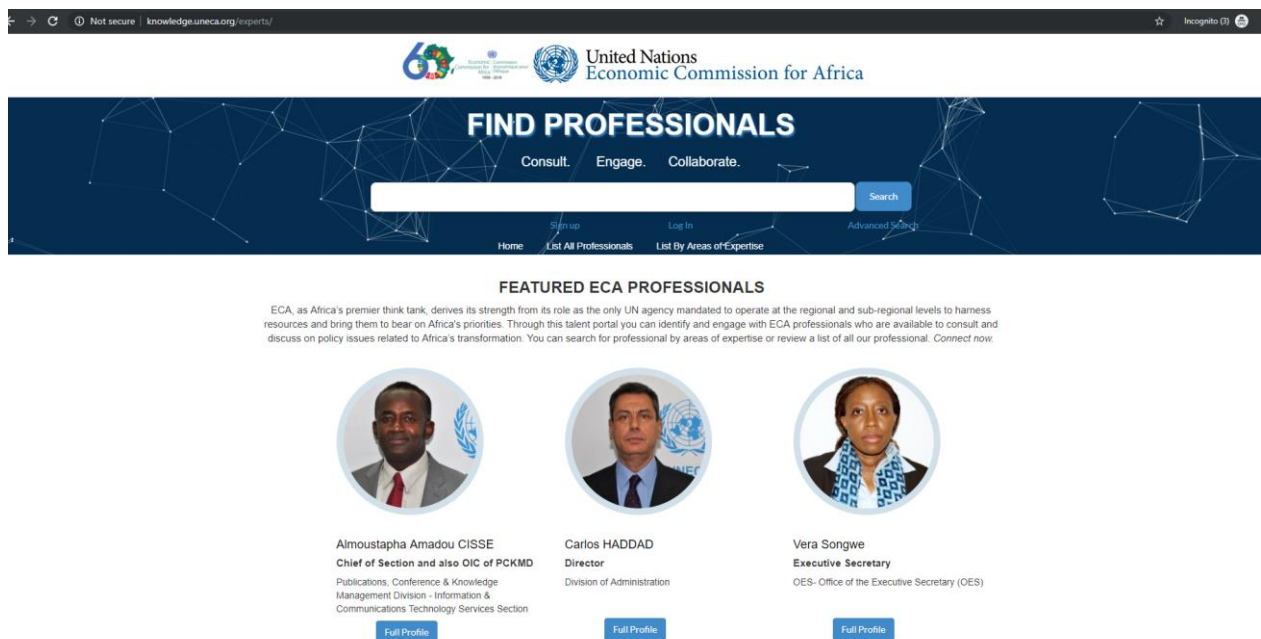

Figure 1 Experts exchange database home page

From the home page user can perform the following activities:

1. Sign up as a new user
2. Login with existing credential
3. List all professionals
4. List professionals by expertise area
5. Search the site for an expert

Registering as a new user

To register as a new user, click on “Sign Up” link (Figure 2).

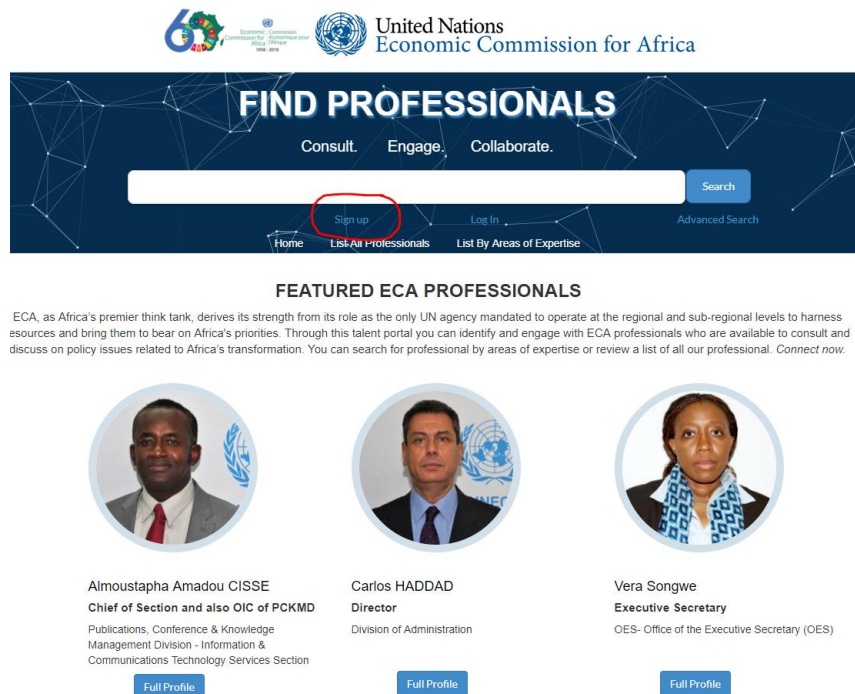

Figure 2 Sign up link

This will redirect you to the sign up page (Figure 3). Fill in the required information

1. User name
2. Email
3. Password and password confirmation
4. and the CAPTCHA text

Support email address: eca-hrtalentmanagementsupport@un.org, Telephone(Ext): 33227

Figure 3 User registration page

After filling in the above information click on “Continue”.

Support email address: eca-hrtalentmanagementsupport@un.org, Telephone(Ext): 33227

Figure 4 continue button after filling registration form

If provided information is okay (password meets complexity requirements and the CAPTCHA text is correctly entered), the system will record your account information. After this you will receive an email confirmation that you are registered and your account is waiting for admin approval. Once the admin approved your account you will receive another email with a link to login.

While waiting for the admin approval the system will enable you to fill your main profile, educational data, address information, publication and projects data. All you have to do is fill in the required information and click on continue. On the final screen you will find a finish button that will enable you to commit your profile data to the expert's database. For details on this step please take a look at in **Editing Your Profile** this manual.

Logging in (If you have existing credentials)

To login with your existing credentials click on the “log in” link from the home screen (Figure 5)

Figure 5 log in link

That will redirect you to the log in page shown in Figure 6

Figure 6 log in page

Fill in your account information (user name and password) and click on “Log in”. Upon successful validation you will be redirected to either:

1. Your account page (Figure 7Figure 20) if it is your first time login in. The system will force **you to change your password**. The system will not let you move to other section before doing so. Once changing your account click on the save button.
2. Experts home page with a link to edit your profile as shown in Figure 8
