IDEP Library & Knowledge Management Services

Empowering Knowledge and Learning for Africa's Development

IDEP's Knowledge Management (KM) and Library Services connect African policymakers, researchers, and professionals through digital innovation and high-quality resources. As a collaborative hub, we empower stakeholders with essential tools for sustainable development, bridging IDEP divisions and external networks

Key Knowledge Management Activities

1

Communities of Practice:

Join networks to share best practices, strategies, and insights tailored to Africa's development

2

Guides and Research Tools:

Access curated resources to support data-driven decision-making and effective research

Digital Library Focus

Our fully digitized library, featuring over 5,800 resources, provides rapid access to Africa's developmental insights, preserving a unique collection of postcolonial documents and original development plans

3

Learning Materials:

Engage with e-learning modules, policy briefs, and digital documents designed for Africa's leaders

4

Knowledge-in-Box:

A portable digital library providing offline access to IDEP's essential resources, empowering even the most remote areas with knowledge

IDEP e-Learning, Multi-media, and Communication

Launched in 2016: Provides a user-friendly Online Management Learning System (OMLS) and coordinates e-learning platforms

E-Learning Formats

- **Asynchronous Instructor-led (ILT):** Courses are delivered through various media, including narrated presentations, videos, and assessments
- **Synchronous Instructor-led:** Live virtual training sessions
- **Self-Paced:** Web-based training platforms available in English and French

- **Blended Learning:** Combines ILT e-learning with face-to-face training
- **Hybrid Training:** A mix of in-situ and remote learning.
- **Impact:** Surveys show high satisfaction among participants, with over 96% recommending IDEP's online training to others
